Education

- The University of North Carolina at Charlotte
 - B.S. in Data Science

Work Experience

- Retail Inventory Lead – Vuori, Charlotte NC July – Present
 - Assist in the completion of projects while keeping the focus on customer experience.
 - Created a pivot table of inventory shipping data that saved hours of manual processing of information across VM and Inventory to better expedite store processes and handling of new inventory.
 - Act as an ambassador for Vuori, embodying the company's culture, values and beliefs, and engaging with the local community to increase the stores standing as a community hub.
 - Train other associates on store operating procedures, enroll them in new processes, and contribute to a respectful and inclusive team environment.
- Educator - Lululemon, Charlotte NC August 2021- July 2024
 - Engage with guests to assess their unique needs, provide technical product education, and incorporate omni channel programs into a seamless end-to-end guest experience.
 - Act as an ambassador for Lululemon, embodying the company's culture, values and beliefs, and engaging with the local community to increase the stores standing as a community hub.
 - Prepare multiple garments a day for hemming, completing necessary documentation, and preparing garments for pick up and /or shipping.
 - Assist in preparing the store every day by replenishing merchandise by style, color, and quantity requirements such as folding and sizing.
 - Train other educators on store operating procedures, enroll them in new processes, and contribute to a respectful and inclusive team environment.
- Education Assistant, The Charlotte Symphony Orchestra, Charlotte, NC October 2019 – March 2020
 - As an Education Assistant, provided administrative support for all CSO educational programs. This included using Wordpress to make changes to the CSO website upon request, and writing python scripts to manage excel data on CSO inventory and statistics about youth programs. Such support included Project Harmony, an after school musical outreach program for 5th graders at Title 1 Schools, Arts Link Up, and Northwest School of the Arts.
 - Other responsibilities included assisting in the management of grant requirements for education programs, collecting assessment and evaluation data, and on-site management of education and CSO events as assigned.
 - Maintained an organized inventory of CSO music transcripts and statistical data for grant requirements, and communicated with schools and educational programs in a professional manner
